

Memo from

To: Dean Rich

JOSHUA LEDERBERG

JUL 13 1978

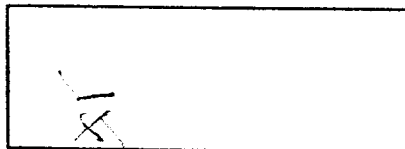

A gesture for collegiality

Is there, or do you think you might find, a place to succeed the 'doctors private room' at the hospital cafeteria, which has now been taken over as some kind of office ?

I used to see quite a number of fellow chairpeople and other senior faculty from a wide tange of depts. when I lunched there. Those nearly daily contacts have now evaporated

If I may presume to make the suggestion (shades of Welch Hall!) even a dean's table/room could have some merit.

Fraternally,
